EMPLOYMENT HISTORY

QA of HW & SW at RailVision, Ra'anana
June 2022 — Present

As a QA team member, I specialize in testing intricate systems, both hardware and software, covering tasks such as test creation and bug reporting. Additionally, I utilize Python to automate testing processes, leading to a substantial reduction in testing time.

Validation at Railvision, Ra'anana
November 2021 — June 2022

In the validation team, I conducted performance testing on the algorithm, generating reports and statistics for insight. Analyzed data and presented findings to optimize algorithmic processes.

Annotator & After Effects Composer at RailVision, Ra'anana
December 2017 — November 2021

Integration and modification for annotations of After Effects. Mentored new team members and developed JavaScript scripts and tools for process optimization, enhancing efficiency and innovation.

After Effects composer & Graphic Design at Freelance
2016 — 2017

Crafting engaging corporate videos and strategic branding with memorable logo design.

Computer Assistant at WIZO Haifa Academy of Design and Education, Haifa
2015 — 2016

Providing guidance and support to students with Adobe's software.

EDUCATION

B.Ed.Des, WIZO Haifa Academy of Design and Education, Haifa
October 2012 — August 2016

Full matriculation, "Ha'rishonim" High school, Herzliyya
2004 — 2007

Major in physics and literature

MILITARY SERVICE

Mandatory service (discharged rank: First Sergeant)
March 2008 — March 2011
